

**RISING DRAGON LIGHTING**

1XS4B0-00ATL

**DMX TURBO LIGHT**

**1XS4B0-00AT**

## INTRODUCTION:

The Turbo Light combined classic light design with LED high-tech. It is a perfect replacement for the traditional decorative light. The Turbo Light could be used in bar, nightclub, carnival and cruise ship, etc. Each Turbo Light can be given a individual address. Which allows for any Turbo Light to change color at any time. Spacing can be customized according to a project's requirement. It is also waterproof with epoxy encased which is suitable for both outdoor and indoor application.

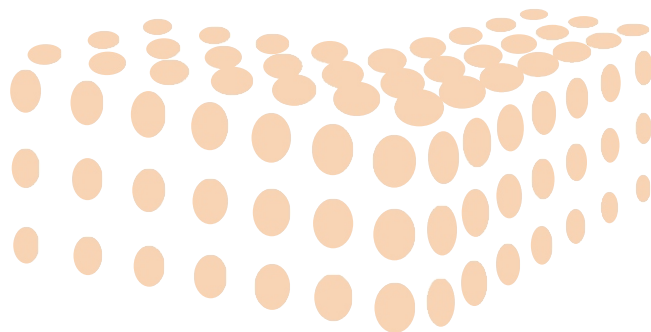

## APPLICATIONS:

- Cruise ship
- Nightclub
- Carnival
- Bar

## OUTSTANDING FEATURES:

- SMD LED
- Beam angle 180°
- RGB or RGBW available
- Customized tube length
- Dustproof, waterproof and UV resistant, IP65 protection rating
- Easy for installation and maintenance
- Long life span of LED lights
- DMX controllable

### TECHNICAL SPECIFICATIONS:

LED TYPE	▪ SMD 5050
LED QTY	▪ 4
LIGHT HOUSING & STRUCTURE	▪ PC Housing with Silicon Sealed
COLOR	▪ RGBW
GREY SCALE	▪ 256 levels for each color, 24BITS
BEAM ANGLE	▪ 180°
INPUT VOLTAGE	▪ DC 12V
POWER CONSUMPTION	▪ 0.72W
WORKING TEMP	▪ -20°C~50°C
IP RATE	▪ IP65
LIFE SPAN	▪ 50,000H
PROTOCOL	▪ DMX512

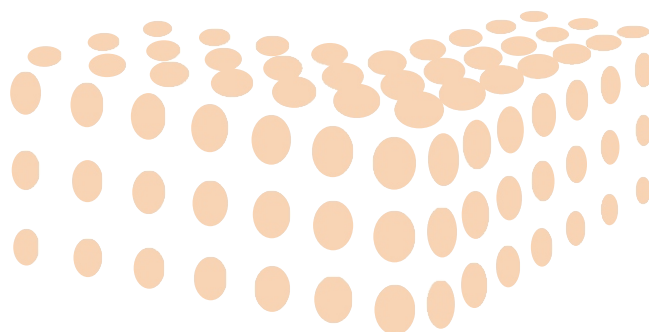

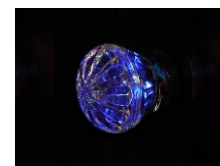

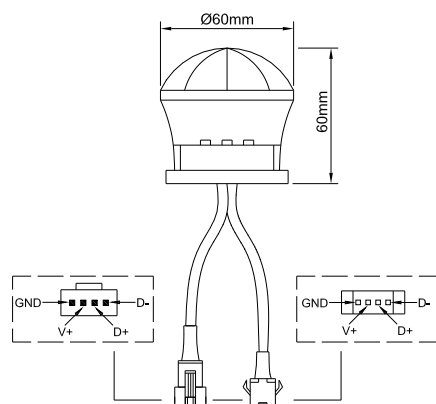

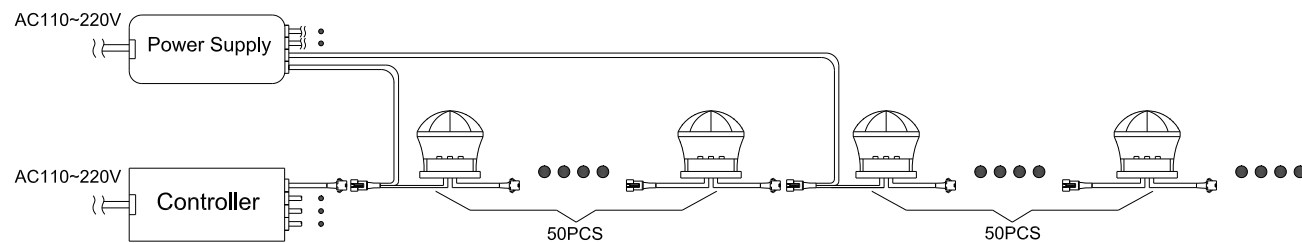

All Rising Dragon Lighting products feature integrate power and control, and share similar technology making it possible to design an integrated media show by using different display elements and textures with a single controller. Different types, resolutions and light outputs can be mixed freely which offer superior flexibility and integration.
